**Stan McDonald : 2016 US Error Coins** before purchasing it in order to gage whether or not it would be worth my time, and all praised 2016 US Error Coins:

1 of 1 people found the following review helpful. I don't know where it mentions any newer coins in ...By KahayaI don't know where it mentions any newer coins in here. It should be named coins 2004. The lists are not fully updated. There are numerous coins missing from this list.I gave it 3 stars because it does have lists of most US coins until 2004. It also explains what all the coin terms mean and how to distinguish them.0 of 0 people found the following review helpful. Five StarsBy F L.awesome1 of 1 people found the following review helpful. Five StarsBy cpmoright up to

date with info and helpful in grading coins.

New and improved with more error coins and types. The most comprehensive guide available with all known coin errors recognized by the major encapsulation services, NCG, ANACS, PCGS, and sold by credible auction houses. Included is valuable information for collecting US coins. •The minting process from US Mint sources •A detailed description of mint error classifications and how they occur. •A comprehensive listing of all US error coins encapsulated by PCGS, ANACS, and NGC. •Updated listing of all known error coins by coin, date, and auction sale prices. •Photographs of some modern day coin errors.
