The essential second book...By GregytectI'm a watch enthusiast; I recently bought this book: It's very good for semi-in-depth write-ups on facts and factoids related to the specific watches featured. For the relatively recent books on watches, I'd rate this one as second, behind the book, The Watch by Gene Stone. Stone's book gives you a whole lot of pictures organized by the watch brands along with good bits of advice, helpful lists, and tasty trivia. Buy them both. But suggest you start with Stone's book.3 of 3 people found the following review helpful. The author does a great job of explaining why a watch is more than ...By Bjorn VandugVery interesting book. The author does a great job of explaining why a watch is more than just a timepiece. What goes into a quality watch movement? Why was the Omega Speedmaster used in the Space Program? Mr. Line has done an excellent job of balancing history and entertainment. As many others have suggested, it will make for an outstanding gift.1 of 1 people found the following review helpful. Makes a great gift for any watch lover!By DetroitWeezieMy husband loves watches and the art of watches and enjoyed this book. Nice photos and short blurbs about many collectable brands. Makes a great gift

This celebration of high-end men's wristwatches is a collection of essays, timelines, and more than 250 color photographs. Aimed at collectors, watch enthusiasts, and anyone with an interest in fashion, the book ranges from in-

depth looks at specific models, including classics and contemporary timepieces, to overviews of pilot's watches, diver's watches, and other watches developed for various purposes. Short essays and timelines take a look at pop culture, including topics such as cars and watches, watches in space, watches in films, famous advertising campaigns, and celebrities and their timepieces. Learn about today's customized watches, smart watches, and a watch that shows the time in words only. Featured watch brands include Audemars Piguet, Omega, Rolex, IWC, Patek Philippe, Hublot, Tag Hauer, and more. The author also presents his top 10 list for the ultimate watch collector.

About the Author When he was 15 years old, Ivar Hauge Line discovered a great passion: watches. He is the happy owner of more than 250 wristwatches.
