African and Asian Costume Dolls Price Guide - by Polly JuddBy Janet A. RoweIf you are a doll collector - or doll lover - this book is a wonderful collection of the Foreign Costume dolls availabe in Asian and Africa. Polly and Pam Judd have several other books available for other parts of the world as well, which I highly recommend. This guide will give you an idea of not only what is available, but approximately how much the doll is worth and in some cases a little history on it. Very very intersting and I find myself referring to it over and over again.

250 Photos allow you to identify your African and Asian dolls. Fascinating historical and cultural information. 2nd in a series.
