Toy action figures are tremendously popular collectibles, and many collectors argue that Me go is the premier maker. Super Heroes from comics, television and movie stories were made with interchangeable clothes, equipment and vehicles. In this new third edition of a classic collector's guide, all of these figures are shown with their original packaging in over 400 color photos, with newly updated values. Batman*, Superman*, Spiderman*, Wonder Woman*, Hulk*, and the characters from Star Trek*, The Dukes of Hazzard*, The Wizard of Oz*, Planet of the Apes*, The Black Hole*, Buck Rogers*, Flash Gordon*, and many more are included. Prototypes, never produced figures, and foreign exclusives join the regular production in this fun-filled reference.

About the Author John Bonavita has collected modern toys--predominantly action figures--for 25 years.
