Butterick Publishing Co. : Metropolitan Fashions of the 1880s: From the 1885 Butterick Catalog before purchasing it in order to gage whether or not it would be worth my time, and all praised Metropolitan Fashions of the 1880s: From the 1885 Butterick Catalog:

1 of 1 people found the following review helpful. Beautiful, clear black white imagesBy shopgirlLovely book. Beautiful, clear black white images. This is a pattern book of over 800 images. I didn't count them, but it states this on the back cover. Accompanying each image are details as to how much yardage would be need to sew the ensemble, along with suggested fabrics to use. It also gives the range of sizes the pattern would create.This is NOT a book with the actual patterns in it!Will be using it for making my own wardrobe from this time period.

Over 790 finely detailed illustrations from a vintage catalog—one of the first of its kind—in which patterns were offered for stylish ladies' coats, dresses, jackets, children's clothing, sailor costumes, cloaks and much more. Captions describe garment, pattern size and cost, yardage required, and fabric and trim best suited to the item. For costume historians and Victoriana enthusiasts.
