Miriam Stimpson : Modern Furniture Classics: A Sourcebook of Styles, Designers, and Manufacturers from 1855 to Today before purchasing it in order to gage whether or not it would be worth my time, and all praised Modern Furniture Classics: A Sourcebook of Styles, Designers, and Manufacturers from 1855 to Today:

1 of 1 people found the following review helpful. great price great productBy Allie Rivenbarkthis was such a bargain and a great find. the gift idea went over very very well. a good reference point. thanks so much for the affordability on such a book!!2 of 2 people found the following review helpful. Classic Moderns made EasyBy A CustomerWhat a great book! Miriam breaks down the elusive "Classic Modern Chair" into time periods and even current availability. So popular, the publish was out of them for a time. I highly recommend this to any designer, student, or anyone else interested in modern periods and furniture!15 of 15 people found the following review helpful. If you love chairs, you need this bookBy A CustomerMiriam Stimpson uses this book in her course, and it's one of the few books I kept from college. Great photographs recording the history and diversity of classic furniture. Mostly seating. I learned a ton, and was inspired to design furniture myself

International in scope and in chronological sequence, this book covers more than 350 furniture pieces ranging from examples of mid-19th century to recent design innovations.
