following review helpful. Absolutely indispensableBy Edwin RodriguezAn absolutely indispensable guide. Superbly researched. The presentation and lay out by Inkblot Publications is also top notch. Essential and well worth the investment.

For decades collectors have marveled and admired the works of William S. Burroughs. The sheer number and variety of publications, whether books, pamphlets, limited editions, signed editions, magazine or journal contributions, contributions to the works of other authors, or simply books and other printed biographical material about Burroughs is well over a thousand different items. The purpose of this Collector's Guide is to provide a gathering of Burroughs material which was available in the published world through 2008.
