Excellent!By Mrs. Gerry BucsisI have seen this book by Simon Spero John Sandon, and as with all of their books and/or catalogs, the quality is exceptional. The photos are superb, and the descriptions very informative. For collectors of Worcester porcelain, this book is a "must have". The Zorensky Collection is fabulous, and these two authors have given a wonderful representation of it. This book makes me want to go out and buy more Worcester!

A special feature of this outstanding book is its lavish use of colour, with hundreds of wonderful full-colour illustrations depicting some 800 individual pieces from this unique collection. As these are fully supported by an authoritative and informative text, written by the leading experts on the subject, the result is an important work of

reference which will demand a place on the bookshelves of not only those with an interest in Worcester, but also all lovers of fine porcelain.
