**John Batchelor : World War II Fighter Planes: 24 Cards (Card Books)** before purchasing it in order to gage whether or not it would be worth my time, and all praised World War II Fighter Planes: 24 Cards (Card Books):

24 different Allied and Axis fighter planes shown in action during the battle for air supremacy during World War II — all dramatically and accurately rendered. Includes the Republic P47D Thunderbolt, Spitfire Mk.XIVC, Grumman F6F Hellcat, Curtiss P-40 "Flying Tiger," Italy's Fiat G.50 bis, and many more. Descriptive caption on reverse side.
