The only knock I guess is there aren't any budget watches in here - it's all about the \$\$\$\$ watches. They didn't even have the Bulova brand at all. I'd say the average cost throughout the book is 10grand for a watch with the range going from something like \$700 up to a few hundred thousand dollars, but rare to see a watch for

Pictures are a good size and provide specs for a plethora of watches. A great one stop for the latest watch offerings from many manufactures. It is interesting to see how the prices change over the years. I can't comment on the post concerning errors since I have not check. Everything seems on the up and up.0 of 0 people found the following review helpful. For the watch obsessed!By MelKGreat gift for a watch addicted husband! I was told by my husband that this is a great book that provides a solid overview of a large variety of watches. He is looking forward to next years addition.

The definitive book for the collector of mechanical wristwatches, with complete information—including prices—on over 1,400 models made by more than 120 international brands. Each year brings hundreds of new wristwatch designs, with aesthetic and mechanical changes and improvements, limited edition watches, and new producers, keeping this field exciting for collectors. This thirteenth edition of what has become a watch industry classic features over 1,400 of the world's most luxurious wristwatches and provides color photographs and complete specifications for each watch. With Wristwatch Annual 2010, collectors have a wealth of information close at hand: the book is arranged alphabetically by producer, and within each producer's section are specifications and materials for each watch, including price, movement, special features, complications, case, dial, band, and available variations of a particular model. A glossary and pronunciation guide help acclimate the reader to the world of fine timepieces, and, for prospective buyers, the addresses of all featured producers are listed together. The elegant photography and layout will encourage people to peruse the year's offerings for aesthetic appeal as well. The range of styles, from classic to modern, reflects the inclusive nature of this book, which watch collectors the world over will find both a handy reference and required reading.
