It is packed full of awesome pictures of some of the craziest watches on the planet. Includes many details including the pricing of the watches... there are watches in this book that are a million dollars. I wish the book came in hardback - but this paperback is very high quality. I ordered the 2012

version last year and the 2013 this year and plan to get the 2014 as soon as it is available. 0 of 0 people found the following review helpful. Great reference material for timepiece lovers
By CherylDianaI love quality watches (even the ones I cannot afford) and its very difficult to find publications about quality watches so I was glad to find this periodical. This catalog provided all the pertinent information needed to purchase quality time pieces and is a great investment (at least I think so) for people seeking a nice watch for themselves or someone special. I plan to order this annual every year.
Great for timepiece lovers. 0 of 0 people found the following review helpful. Well done eye candy for watch officianato
By Randall HarrisFun read for a dedicated watch nut like myself. Lots of eye candy. Seriously a nice book to have around but of course good for only one year. The companies change models like I change underwear, so mostly your just looking at pretty pics and company-generated PR materials. Well done though.

The definitive book for the collector of mechanical wristwatches, with complete information—including prices—on over 1,400 models made by more than 120 international brands. This fifteenth edition of the watch industry mainstay features over 1,400 of the world's most luxurious wristwatches and provides color photographs and complete specifications for each watch. With *Wristwatch Annual*, collectors have a wealth of information close at hand: the book is arranged alphabetically by producer, and within each producer's section are specifications and materials for each watch, including price, movement, special features, complications, case, dial, band, and available variations of a particular model. A glossary and pronunciation guide help acclimate the reader to the world of fine timepieces, and, for prospective buyers, the addresses of all featured producers are listed together. The elegant photography and layout will encourage people to peruse the year's offerings for aesthetic appeal as well. The range of styles, from classic to modern, reflects the inclusive nature of this book, which watch collectors around the world will find both a handy reference and required reading. A glossary and pronunciation guide help acclimate the reader to the world of fine timepieces, and, for prospective buyers, the addresses of all featured producers are listed together.

Praise for *Wristwatch Annual*: "An invaluable source of information for anyone who wants a thorough survey of the new additions to the market." — *Plaza Watch* "A definitive overview of mechanical wristwatches." — *Forecast* "This uber resource is the finest print publication that you can get when it comes to spending time in the world of watches.... It is a powerfully enjoyable publication, and beautifully made." — *Luxist(dot)com* "An absolute staple in any serious collector's regular reading material, no other publication offers the level of insight and detail presented here." — *TheWatchLounge(dot)com*
