From Abbeville Press : Wristwatch Annual 2014: The Catalog of Producers, Prices, Models, and Specifications before purchasing it in order to gage whether or not it would be worth my time, and all praised Wristwatch Annual 2014: The Catalog of Producers, Prices, Models, and Specifications:

0 of 0 people found the following review helpful. An overview of the luxury wristwatch landscapeBy Ronald M. CarrierI've just started following luxury wristwatches, so I wanted to have a guide to who the manufacturers are and what they have to offer. I've purchased this issue of Wristwatch Annual as a Kindle book and the app version of Watches International, and I think I prefer the Annual. Watches International is definitely the much more attractive

publication, especially in comparison to an ebook, but there's a little more advertorial content in it than I'm comfortable with. Wristwatch Annual is indeed a catalog, with a consistent format for describing manufacturers and their watches and movements, and very little editorializing. The Annual also covers not only the big names in the field but also many of the smaller players. I will likely be buying this publication regularly in the future. 0 of 0 people found the following review helpful. Really like this Annual By AP Jack Of All Trades Really like this Annual. The printed pages are heavy glossy very nice paper. It covers a lot of companies that I did not exist. It gives a brief description/intro of the individual brands and a brief summary of their watches. 0 of 0 people found the following review helpful. Good buy if you love watches. By Matt It's much better put together than the previous year. It's easy to get from topic to topic and from watch to watch. It is actually better than handling an actual catalogue. I am super happy with the catalogue. I only wish that the publisher would have included more pictures of each watch or a picture of the watch on a wrist to be able to judge size.

The definitive guide for the collector of mechanical wristwatches, with complete information—including prices—on over 1,400 models made by more than 130 international brands The sixteenth edition of this watch-industry mainstay features more than 1,400 of the world's most luxurious wristwatches, providing a color photograph and complete specifications for each one. With Wristwatch Annual, collectors have a wealth of information close at hand: the book is arranged alphabetically by producer, and within each producer's section are complete details for each watch, including price, materials, movement, special features, complications, case, dial, band, and available variations of a particular model. A glossary and pronunciation guide help acclimate the reader to the world of fine timepieces, and, for prospective buyers, the addresses of all featured producers are listed together. The elegant photography and layout will encourage people to peruse the year's offerings for aesthetic appeal as well as technical features. The range of styles, from classic to modern, reflects the inclusive nature of this book, which watch collectors around the world will find both a handy reference and required reading.

Praise for Wristwatch Annual: "A definitive overview of mechanical wristwatches." — Forecast "An invaluable source of information for anyone who wants a thorough survey of the new additions to the market." — Plaza Watch "An absolute staple in any serious collector's regular reading material." — TheWatchLounge(dot)com "This uber resource is the finest print publication that you can get when it comes to spending time in the world of watches.... It is a powerfully enjoyable publication, and beautifully made." — Luxist(dot)com
